

Maryland Airsoft Team

Northern Brigade

Information Pamphlet

Mission Statement

In order to create a better airsoft team, and gain a better understanding of what it means to work as a team, MAT looks for and try's to teach its players respect, discipline, and commitment on and off of the field. MAT works with all of its players no matter the skill level to create a tight knit group with one mission in mind, teamwork.

About MAT: MAT participates in games every month whether it is a team scrimmage or a game against another team located in the State of Maryland. MAT is a very safety oriented, we have several trained MD EMT's that participate and always have first aid kits at every game.

MAT has over 50 members and is actively growing every month. MAT is an active group of people ranging from ages 13 to Mid-50s, with a wide variety of backgrounds, including those people with ROTC and Military backgrounds.

MAT has recently selected Digital Woodland (also known as Marpat) as their official team camouflage and is required by all members. Brigades may wear a camouflage other than Marpat when doing Brigade activities and Brigade vs. Brigade scrimmages. MAT has also authorized the use of Smoke grenades, but not explosive grenades due to the physical harm they can cause.

The Maryland Airsoft Team mainly plays on Saturdays, but if requested and has enough support we can hold Sunday games as well or in place of Saturday games. The Northern Brigade is currently seeking fields in the area of Westminster, MD that we can host large scale games on.

SMAT was founded, in 2008, by three core members, Brett Garner, James Winstead and Adam Buckingham. Adam has since moved on to other activities in life, but Brett has assumed the role of General of MAT, placing him in charge of the four current Brigades.

In 2011 with the reorganization of the team, Southern was dropped from the name of the team, to now read Maryland Airsoft Team or MAT. This was done due to the increase growth and interest in the team.

The Northern Brigade was started in January 2011, by Gen. Brett Garner, it encompasses the following counties: Baltimore City, Baltimore, Carroll, Cecil, Frederick, Harford, Washington Counties, MD and Adams, Cumberland, Dauphin, Lancaster, and York Counties, PA. Intern CO Quinn Jenkins is the Commanding Officer and can be contacted via email at MATNorthernCO@yahoo.com

If you'd like to learn more about MAT and how we operate please visit our website at SoMDAirsoftTeam.com or you can email the team Commanding Officer, Brett Garner at MarylandAirsoftTeam@yahoo.com
